

## Energy-saving tips for SME businesses

Don't know where to start? Here are 6 things you can do to save energy and money, starting with those that are free and progressing to those that require investment.

**1**

**Turn off lights when not in use**

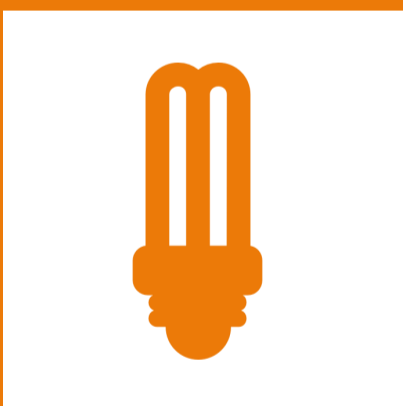

**2**

**Don't leave equipment on standby**

**3**

**Can you adjust your day to take advantage of cheaper overnight power?**

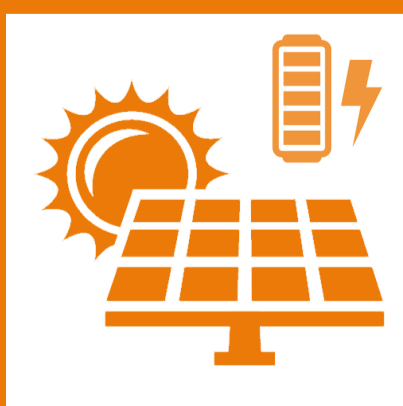

**4**

**Consider investing in low-energy lighting and heating**

**5**

**Explore the costs and benefits of voltage optimisation**

**6**

**If your usage remains high, it may now be time to consider generating your own power with renewables linked to battery storage**
